MEMORANDUM FOR: The Director

1. Regarding your call to Mr. Vinson, Bryce Harlow has advised that it would be much better to make an appointment to see Vinson personally. He says that Vinson does not like telephone conversations, and thinks that it would be much more profitable if you could go to see him, discuss the problem thoroughly and possibly to enlist his aid in a direct approach to Gordon and/or the Speaker.

2. I think this is very sound advice, and urge that you simply call Vinson for the purpose of making an appointment to see him at his earliest convenience.
